## InDesign CS6 Introductory

National Competency Standard (ICT):

BSBITU404 Produce complex desktop published documents

### Course Objectives

The skills and knowledge acquired in this courseware will allow the learner to create a variety of documents, both print-based and digital. The learner will be able to create a variety of documents ranging from simple text documents through to complex brochures and flyers with detailed graphics and advanced formatting features.

### Pre-Requisites

Those attending this course should be familiar with personal computers and be competent in the use of the keyboard and mouse.

### Duration

1 Day

### Course Outcomes

1. Work comfortably with the InDesign screen and interface
2. Work with a broad range of InDesign tools
3. Create and manage documents
4. Work with text in a document
5. Format text using a variety of techniques
6. Work with graphical elements in a document
7. Create and work with tables
8. Work with objects
9. Manage master pages and spreads

### Optional Assessment

This is a nationally recognised training program. Participants who successfully complete the optional assessment component of this course will receive a Statement of Attainment for the unit(s) of competency outlined above (additional fee applies – please enquire when you book). Exercises completed during the course will be used as evidence towards unit competency. Participants who choose not to be assessed will receive a Certificate of Attendance.

# InDesign CS6 Introductory

## Course Content
